EXPERIENCE

Technical Trainer (Data Structures & Algorithms) – iCodeGuru

Sep 2025 – Feb 2026

- Conducted structured sessions on Data Structures and Algorithms for 20+ learners, strengthening logical thinking and coding efficiency.
- Guided students with tailored mentorship, improving participation and success rates in coding challenges.

MERN Stack Developer Intern – Active Birds Solution

May 2025 – Aug 2025

- Built and refined responsive UI components using React and Tailwind CSS, enhancing cross-device consistency and boosting user engagement by 30%.
- Accelerated application speed by 80% through techniques such as lazy loading, code splitting, and optimized asset delivery.

PROJECTS

Active Birds Solution

[Live Link](#)

- Revamped the company website with a modern, responsive interface using React, TypeScript, and Tailwind CSS, increasing user engagement by 35% and improving mobile usability.
- Boosted performance through rendering optimization and lazy loading, reducing load time by 80% and improving Lighthouse performance score from 55 to 90+.

Sky Share

[Live Link](#)

- Created a secure file and text sharing platform with password-protected encryption, ensuring 100% data privacy during transfers.
- Enabled multilingual support and real-time upload tracking, increasing usability for diverse users and reducing upload errors.

Demands2Go

[Live Link](#)

- Engineered a full-stack e-commerce solution with role-based authorization, supporting 2 distinct user roles and improving workflow efficiency.
- Incorporated interactive dashboards with real-time analytics and visual reports, enabling faster decision making and reducing manual data analysis by 50%.

AI Dental Copilot

[Link](#)

- Developed a cross-platform mobile application using React Native that leverages AI to analyze dental images and user-reported symptoms, providing preliminary oral health assessments and recommendations.
- Integrated FastAPI backend with OpenAI and LangChain to process user inputs, generate intelligent insights, and deliver real-time responses, enhancing user engagement and decision support.

SKILLS

Technical Skills	React.js, Next.js, TypeScript, React, React Native, Node.js, Express.js, MongoDB, Firebase
Libraries/Tools	Redux, Figma, Android Studio, ShadCN, MUI, Ant Design, Git, GitHub, Postman, Figma
Soft Skills	Problem Solving, Communication, Team Collaboration, Time Management

ACHIEVEMENTS

- Solved 330+ Data Structures and Algorithms problems on LeetCode, strengthening analytical and logical reasoning abilities.
- Competed in 3+ hackathons, delivering practical solutions in fast-paced, team-oriented environments.
- Maintained a typing speed of 70+ words per minute, improving overall development efficiency.

EDUCATION

B.S Computer Science, Virtual University

Jan 2025 – May 2029 – **Present**

B.S English Literature, GCUF

Oct 2022 – Jun 2026 – **Completed**
